A language other than English was noted on your child's Home Language Survey when your child first enrolled in our school district. State and federal laws require us to assess your child and notify you of your child's proficiency level in English.

The assessment your child took was called the Initial English Language Proficiency Assessment for California or Initial ELPAC. This assessment measured how well your child speaks, reads, writes and understands English.

Your Child's Student Score Report is attached to this letter.

Based on the results, your child is **Initial Fluent English Proficient (IFEP)**. This means that your child will be assigned to a regular academic program and will not need to participate in an English language Instructional support program.

You are encouraged to be involved in your child's education. If you have any questions regarding your child's instructional placement or Initial ELPAC results, please contact the school office during school hours.

Respectfully,

Tasha Doizan, Ed.D.
Assistant Superintendent of Academic Services
